Center Services

Many of the Community Action Organization’s services are built around our Center Services locations. The Center Services locations are committed to building vital and healthy communities through a variety of services such as: advocacy and outreach, capacity-building, translation services and other initiatives that can strengthen citizen participation and connect vital groups in the community with each other such as block club, parents, schools, seniors, businesses and organizations. The aim is always to provide a place where people can come and get the support they need to impact their life in a positive way whether you are a child, an adult or a senior.
